

# Personal profile

Dr. Niels E. Poulsen

## Company

**GEUS – Geological Survey of Denmark and Greenland**

Dr. Niels E. Poulsen is senior scientist at GEUS. He holds an MSc and a PhD degree in geology from the University of Copenhagen (1990). His background is stratigraphy, palaeogeography and palynology with emphasis on Jurassic stratigraphy in mid-northern Europe, Neogene Biostratigraphy in Denmark, the North Sea and northern Atlantic and Quaternary in Danish offshore area, Baltic Sea and North Atlantic. He is advising the Danish Energy Agency on regional hydrocarbon and geothermal exploration.

He became part of the CCS team at GEUS in 2008, and participated in the COACH Project as WP leader (WP3: Geological storage and large scale use of CO<sub>2</sub>) and was project leader for the project: Mapping of the storage potential of CO<sub>2</sub> in the eastern North Sea, Skagerrak, Kattegat and onshore Denmark (2010–11).

He recently joined the Executive Committee of CO<sub>2</sub>GeoNet (The European Network of Excellence on the Geological Storage of CO<sub>2</sub>).

At present he participates in the CGS Europe project (task leader of CGS Europe Spring School on CO<sub>2</sub> storage), the CO<sub>2</sub>ReMoVe, BIGCCS and SiteChar projects. He is coordinator for the CO<sub>2</sub>StoP project (2011–2013).
