

Personal profile

Dr. Constantin Stefan SAVA

Company

National Institute of Marine Geology and Geoecology GeoEcoMar
Bucharest – Constanta, Romania

Dr. Constantin Stefan SAVA, Senior Scientist, Head of Department in the frame of the National Institute for Marine Geology and Geoecology – GeoEcoMar (www.geoecomar.ro), has over 35 years of experience in Geological Surveys, with sound experience in design/research activities and supervision and management of specific activities for studies on the Romanian territory as well as the Danube, Danube Delta and the Black Sea Geosystem. As Project Engineer and Project Manager, he was involved in complex prospecting works developed on different geological zones of Romania, within the frame of National and International Projects. Working as a Design Engineer and then as a Senior Research for numerous geophysical prospecting works, Dr. Constantin Stefan Sava gained sound experience in geophysical surveys, developing supervision and management skills. He was awarded with the prize „Gheorghe Murgoci” of the Romanian Academy.

Dr. Constantin Stefan SAVA is ENeRG (European Network for Research in Geo-Energy) National Representative since 2002 (www.energnet.eu), CO2 Net Representative for Romania since 2006 (www.co2net.eu) and ZEP (Zero emissions platform) Government Group Member since 2007 (www.zeroemissionsplatform.eu).

Dr. Constantin Stefan SAVA is representing National Institute of Marine Geology and Geoecology – GeoEcoMar (www.geoecomar.ro) as partner in „EU GeoCapacity” (www.geocapacity.eu) and „CO2 Net East” (co2neteast.energnet.com) projects, financed by FP 6, as well as in „Impact of communication” project, financed by the Romanian National Center for Programs Management, in the frame of the FENCO-ERA (www.lignite.gr/CCS).

Since 2007 Dr. Constantin Stefan SAVA is President of the Romanian „CO2 Club” Association (www.co2club.ro).

Dr. Constantin Stefan SAVA holds an Engineer’s Degree in Geophysical Prospecting, Institute of Petroleum, Gases and Geology, Bucharest and a PhD Degree in Geology – Geophysical Branch, University of Bucharest.
