

Personal profile

Prof. Dr. Georgi Georgiev

Institution

Sofia University „St. Kliment Ohridski“ – Dept. of Geology

Georgi Georgiev is a professor emeritus on Petroleum geology and Geo-energy at Sofia University „St. Kliment Ohridski“.

His main research interests are related with exploration of conventional and unconventional hydrocarbon resources, regional geology, geo-energy and geological storage of CO₂ and radioactive waste. He has more than 170 publications.

Besides a long academic career Georgi has abundant experience as a geo-energy consultant and with participation in national and international projects. His research team is a Bulgarian partner in many EU projects: IGCP, PTP, MEBE, TRANSMED, CASTOR, GeoCapacity, CO₂NetEast, CO₂StoP, CGS Europe, EASTMAP and EUOGA.

Georgi has been member of ENeRG Steering Committee since 2002; he is in charge of ENeRG financial and administration service since 2007 to present.

Georgi possesses BSc and MSc degree in Petroleum geology from Azerbaijan Petroleum Academy in Baku (1970), and PhD from Sofia University (1982).
